givejedahand #Onebravenight (One Brave Night) of #Labeling #Branding and #Stigma brought to you by #CAMH CEO Catherine Zahn, #Dentsubos, #CIBC etc. - and The #EliLilly #Man (#DEATH!) - but who's counting?! #CAMHFoundation is! #queenstreetwest #sunriseselfie

givejedahand #CAMH #MentalIllnesx #Fascism: #coopt the language of #revolution and apply it to #fundraising for untested gadgets for the #psychiatric establishment

Recently $CAMH CEO and OVER-PAID LIAR EXTRAORDINAIRE Catherine Zahn lied - again - before a small group of “engaged” businessmen, "engaged" being their current jargon for any member of the moneyed class sufficiently brain-washed - and STUPID - to give $CAMH money.

She speculated what if MAD PEOPLE were radical, instead of the passive sheep they obviously really were. Unfortunately this hypothetical radicalism took the form of demanding that $CAMH be paid lots and lots of money for non-invasive magnetic brain stimulation and other goodies that cured depression. Lie!

She speculated - for a related example - what if MAD PEOPLE were sufficiently radical to storm Queens Park. Well, the answer was obvious. Before reaching Queens Park we would have trashed $CAMH, painted Catherine Zahn with sticky black tar and rolled the bitch in chicken feathers.

Game over! But dont worry #CAMH CEO Catherine Zahn. The radicalism that you foolishly - #suicidally? - appear to favor will never happen and you don't mean it anyway (another lie). Moreover you work in - LIE to us from - the privileged vantage of what you call a #safe workplace. Given the systemic brutality and violence of $CAMH that is another - outrageous - lie. Perhaps it is also a code-word to the "#ENGAGED" - that they should have "#safe" workplaces too. Brava Catherine! It's #1984 all over!
